

NIC WebConnect

Web i-Class/i- Meeting - User-Guide

Release on Date 01-March-2011

Minimum Hardware Requirement:

- 1. Hardware:** 1.5 GHz CPU & 512 MB RAM
- 2. OS:** Windows operating Systems
- 3. Internet Access:** Atleast 512 Kbps , but recommended 1Mbps and above for better video quality.

Note: Linux OS is not compatible with AT&T Application

How to join Session in Advanced Version of Web learning

Pre-Assumptions before starting Session

1. Audio/Video Drivers Installed. (If not installed, Install it)
2. Microphone connected in correct ports and is in proper working condition.
3. Uninstall Interwise Participant Application (Older version 8.2) and installed New Version (8.8. 53).

Install it by following these steps:

- a) Open the site

<http://weblearning.nic.in/>

Then, click the Download tab and click on the WebConnect Participant to download the participant application.

Or

Paste the following URL to download the WebConnect Participant application.

http://weblearning.nic.in/apps/ATT_Connect_Participant_v8.8.53.msi

- b) Follow the Basic downloading steps to continue Installation.
4. Webcam attached and is installed (if video sharing required)
5. Software installed which is compatible for opening the Materials placed in session. (If any Material is placed for session)
Example – Microsoft Office should be installed if a PowerPoint presentation is to be shared in the session.

Joining a Session

- Open the site <http://weblearning.nic.in>

Then Click on the NIC iMeetings Tab.

If you have a login user id and password, then:

- Enter your User Id and Password and click on Login.
- And Finally Click on Enter link for session you wish to join.

If you don't have a user id and Password for login, then:

- Click on Enter link for session you wish to join.
- Enter your First Name, Last Name and e-mail address and click on Join Now button to enter I-Class /I-Meeting through Interwise Application.

After entering I-Class /I-Meeting in Interwise Participant

- If the Video is not displayed, then follow these steps to make it visible,
 - I. Click on the Audio/Video Option in Menu.
 - II. Click on Show Video window option.
 - If still your video is not being displayed, then follow these steps:
 - a. Click on the Audio/Video Option in Menu.
 - b. Click on Start sending my video option.

Note: Video window appears on the screen with three buttons below the image namely, Capture, Submit and Cancel. If these three buttons don't appear below the video image then the video sharing is working properly and next steps need not be followed.
- Click on Capture button
- Click on Submit Button.

Audio Testing

- Click on Audio/Video option from Menu bar
- Click on Audio Setup Wizard
- Click on OK button.
- Click on Next Button.
- Click on Play Button to test the Speakers.
- Click on Next Button.
- Speak in Microphone to test Microphone. (If the Green color rises in the bar available, then Mic is ok)
- Click on Next Button.
- Click on Finish Button.
